

WE BELIEVE THAT DOMESTIC VIOLENCE IS UNACCEPTABLE AND SHOULD NOT BE TOLERATED BY ANYONE.

WHAT IS DOMESTIC VIOLENCE?

Domestic Violence is the physical, sexual, financial or emotional abuse of a partner, ex-partner or family member.

WHO IS AFFECTED BY DOMESTIC VIOLENCE?

Domestic Violence can affect both men and women although in 92% of cases it is directed towards women. Children may also be victims either by being abused themselves or by witnessing abuse within the family home. In 90% of cases children are caught up in the violence, usually trying to protect their mother.

Domestic Violence cuts across ALL of society affecting people regardless of age, ability, gender, sexual preference or cultural norms.

Latest statistics show that 1 in 4 women and 1 in 7 men will experience some form of domestic violence at some time in their lives.

WHAT CAN YOU DO TO HELP?

It is important that the whole issue of Domestic Violence is brought out into the open within our local communities and that people are seen to be actively campaigning to stop it. Domestic Violence is a crime and cannot be tolerated. The Friends of North Dorset Women's Refuge exist to combat this crime and want you to join them in the task.

NORTH DORSET WOMEN'S REFUGE

was opened in November 2002 and can offer shelter and protection for 10 families at any one time. Each family has its own flat with kitchen, bathroom, living room and bedroom. Most importantly, each woman has her own front door key once she is safely within the Refuge.

During the past 2 years 160 women have used the Refuge. Where there are school aged children, these have been found places in schools as soon as possible so that some normality can be brought into their lives.

In the same 2 years 434 children have not been able to be accepted into the Refuge because it has been full.
